Passionate about honing my skills and gaining practical experience to contribute positively to the technology industry

- Actively learning full-stack development
- Passionate about technology
- Dedicated to continuous learning
- Techie by nature

Authorized to work in the US for any employer

## Work Experience

---

### Utility Worker

Bon Appétit - St. Louis, MO

August 2022 to August 2023

Support staff for food outlets on the Washington University Campus. Working in a team environment to complete back-of-the-house tasks for the venue. Work efforts support the food/drink expectations of students, faculty, and other vendors. Temporary work which ended at the close of the Spring Semester.

### Data Entry Specialist

Kingdom Trust - Remote

January 2022 to April 2022

- Conducted accurate and efficient data entry of digital check data, including deposit amount, name verification, and date, into the respective query on the screen.
- Utilized strong attention to detail to ensure precise data entry, minimizing errors and ensuring data integrity.
- Collaborated with the team to meet daily quotas and maintain efficient workflow.
- Utilized Microsoft Office and Microsoft Excel for data management and reporting.

Startup company whose assets could not support newly hired staff. Being one of the last hired, I was one of the first laid off.

### Customer Service Representative

Conduent - Remote

May 2021 to December 2021

- Assisted customers in setting up their new Apple products, providing personalized support based on their specific needs.
- Demonstrated product knowledge and showcased features and specifications to help customers make informed purchasing decisions.

- Handled customer inquiries, resolved issues, and provided exceptional customer service throughout the purchasing process.
  - Maintained accurate and up-to-date customer records using Microsoft Office Suite.
- I ventured towards a better opportunity for learning and growth.
